## LINDSAY MARY RODABAUGH 2011 WINNER IFDA STUDENT MEMBER SCHOLARSHIP

Lindsay Mary Rodabaugh  
Mill Hall, PA  
The Fashion Institute of Technology, New York, NY

Lindsay, a senior at The Fashion Institute of Technology, received her Associate in Applied Science degree in Visual Presentation and Exhibition Design and is currently finishing her BAS in Home Products Development. She is the president of the Home Products Club and is a resident assistant on campus. Lindsay spent the last three years in New York City interning at Calvin Klein, *New York Times*, *Martha Stewart Living Omnimedia*, as well as designing and installing weddings throughout the tri-state area. FIT Professor David Brogna introduced her to IFDA as soon as she entered the Home Products major when he took his class to an IFDA trend presentation. "The IFDA events really help me with school projects" she said. She loves being involved with the New York Chapter and this year will help administer their Facebook page.

## EF DAY AT SYMPOSIUM 2011 – SOME SERIOUS FUN...

Diane Nicolson, Athena Charis, and Sheila Cole— past, future and current treasurers of IFDA— sport some shades to give them a feel of what their vision may be like when they grow old some day.
