2018 CHAIRMAN OF THE BOARD REPORT
Caroline Baer Rogow

The past year has been an exciting one for the International Furnishings and Design Association, a transformative year, and one of great challenge. It worked to raise awareness of what our organization does within IFD, among the design industry, educators and the general public. In 2018, new divisions were instituted. The new IFDA Palmetto Chapter, open to two, three or four year design students, was started at the Palmetto College. The Colorado Chapter helped start the Bardwell Beddimon Textile Design Scholarship. Once again, the Foundation has awarded more scholarships and grants than any other design association. The Educational Foundation is offering nine student scholarships. Our mission is to foster educational and philanthropic activities to enhance the furnishings and design industries. To that end, our mission statement: "IFDA provides scholarships to the design professionals and students of the industry working in the field of visual merchandising."
